

# HOANG HAI PHAM

Software Engineering

## DETAILS

 hoanghaip2005@gmail.com

 387-803-007

## SKILLS

- Python, Java / C++
- TypeScript, JavaScript
- NextJS, ReactJS, Tailwind
- C#, ASPNET
- AWS, AZURE, DOCKER
- React, React Native, React Native for Web, Kotlin
- Git & GitHub, Figma

## SUMMARY

Motivated second-year student with a background in Software Engineering and Data Science. Eager to apply practical skills in mobile development with ReactJS, application development with C#, and data analysis with Python to grow within a dynamic organization.

## EXPERIENCE

Aug 2025 — Sep 2025

### Freelance Mobile Developer

TIMESO LTD, Ho Chi Minh City, Vietnam

- Developed a Human Resource Management (HRM) mobile application using TypeScript and ReactJS.
- Translated Figma UI/UX designs into responsive and pixel-perfect mobile interfaces.
- Collaborated with the project team to understand requirements and deliver a functional and intuitive user experience within a one-month project timeline.

Dec 2024 — Current

### Student Researcher

UMT (University of Management and Technology, HCMC, Ho Chi Minh City, Vietnam

- Independently developing a comprehensive Requirement Management Software as part of a university-level scientific research competition.
- Utilizing C# and .NET framework to build a robust and scalable desktop application.
- Responsible for all phases of the project lifecycle, including requirement analysis, system design, implementation, and testing.

## EDUCATION

2023 — 2027

### Bachelor of Science in Software Engineering

UMT - University of Management and Technology, Vietnam

- Second-year student with a dual focus in Software Engineering and Data Science.

- Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Introduction to Data Science, Database Systems.
- GPA: 3.4/4.0
